Vaughn Public Library Foundation

Created in 1988 through a generous gift by a former Ashland resident, the VPL Foundation is a non-stock, not-for-profit Wisconsin organization existing exclusively to benefit the Vaughn Public Library. Governed by a board of trustees of local citizens, the VPL Foundation provides funds to enhance library services.

By donating to the Vaughn Public Library Foundation, your gift is reinvested into improving library service to the Ashland community. Bequests from estates or wills are an excellent way to provide legacy gifts. Donations are tax deductible and will be recognized within the library upon the donor's wish.

There are many ways to give. Discussing options with an attorney about foundation giving is an excellent way to begin.

"A literary and social center of the city where people from all walks of life may find mental food."

~Emeline Vaughn
